EMAIL CORRESPONDANCE WITH DISCIPLE

Dear G.

Although I am very busy, it always a pleasure for me to be helpful for my disciples.

Please feel free to ask questions, I will try my best to provide you with guidance.

What is the motivation to keep us going?

My answer: A deep passion to whatever we practice. In addition, a good environment (friendship, team, club) can be a plus. A STRONG SENSE of the meaning of life and LOVE are significant..

Thank you

Phan Hoang

(I am writing in a class room at International University of Florida while my students working on finding data through the web :-)

Dear Grand Master,

I can see that you wrote on a Saturday, you are teaching all the time, even during the week-end !

I received your answer with great interest. I have to thank you so much. I will keep your words with me for long. I read and re-read your message. The terms you use, their order of appearance are great source of meditation, and such a guidance for me....

I was such impressed by your words “then a **STRONG SENSE** of the meaning of life”. Taking some distance to be able to analyse one’s role, to determine one’s mission is certainly a point to address early. And a tricky point. You seem to have chosen education as the cause of your life, vvd/vtc ('sword ;-) being only tools (/symbols ;-)), and not ends to achieve your goals. This is a deep source of thinking as well, about what to expect from life, and how to succeed in life in general. Always the same question ! Morality, ideology and religion can give some clues, but they also have their limitations. I have a deep passion for vvd, and for me it’s a passion in its own, maybe that disturbs me a bit. I have to precisely determine how it fits, or adds to my destiny (being modernisation of society...I’m in the computer industry!).

Dear Grand Master,

Good idea to go to Miami by this time of the year. Better than Paris or Warsaw! Whether adapt to the environment or change the environment!

... I am impressed by the energy you devote to your students. I sometimes wonder how long I'll be able to stay focused on our great art. Job, family, friends can be so demanding sometimes. What makes some people remain in the way, what makes other stop?

Everybody has his own reason. I like to learn the motivations of different people, different levels, different backgrounds. I shall not ask you what keeps you on track, because you told us you had no time for personal answer, which I totally understand. Furthermore it's a private question. But I wanted to express my feeling about the motivation you share with your students... (G.C).
